

UNION VAULT

Premium Digital Workspace for Union Wings

Product Requirements Document (PRD)

Version 2.0

Product Vision

Union Vault is a premium cloud-based digital workspace designed for student unions and their wings.

The platform combines the functionality of Google Drive with the visual elegance of modern product websites, providing each wing with its own digital headquarters for storing, managing, showcasing, and preserving media assets.

Unlike traditional storage platforms, Union Vault focuses on storytelling, smooth interactions, and a cinematic user experience.

Mission

Create a centralized platform where every wing can:

- Store posters
- Upload images
- Archive videos
- Manage documents
- Preserve achievements
- Showcase activities
- Access files from anywhere

while delivering a world-class user experience.

Target Users

Primary Users

- Union Administrators
- Wing Coordinators

- Student Leaders

Secondary Users

- Students
 - Teachers
 - Alumni
 - Visitors
-

Product Goals

Functional Goals

- Centralized cloud storage
- Dedicated workspace for each wing
- File management system
- Search and discovery
- Archive preservation
- Storage monitoring

Experience Goals

- Apple-level smoothness
 - Premium visual design
 - Seamless navigation
 - Fluid animations
 - Fast loading speeds
-

Product Identity

Product Name:

UNION VAULT

Tagline:

"Preserving Every Achievement."

Core Values:

- Elegance
- Simplicity
- Accessibility

- Preservation
 - Collaboration
-

User Roles

Super Admin

Capabilities:

- Manage platform
 - Manage wings
 - Manage users
 - Configure storage
 - Access analytics
 - View all files
-

Wing Admin

Capabilities:

- Manage own workspace
 - Upload files
 - Create folders
 - Edit descriptions
 - Delete content
 - View storage usage
-

Viewer

Capabilities:

- View public files
 - Download approved resources
-

Wing Workspaces

Every wing receives its own dedicated workspace.

Examples:

Malayalam Wing

English Wing

Arabic Wing

Science Club

IT Wing

Arts Wing

Sports Wing

Media Wing

Union Office

Each workspace behaves like an independent cloud drive.

Storage System

Platform Storage:

25 GB

Storage Allocation:

Dynamic allocation based on usage.

Dashboard displays:

Storage Used

Storage Available

Upload Statistics

Recent Activity

Storage progress updates in real-time.

Core Features

Workspace Dashboard

Displays:

- Storage Overview
- Recent Uploads
- Quick Access
- Activity Feed

Animated statistics update dynamically.

Smart File Manager

Supports:

Images

Videos

PDF

DOCX

PPTX

ZIP

Folders

Drag-and-drop uploads.

Multi-file uploads.

Bulk actions.

Folder System

Default folders:

Posters

Images

Videos

Documents

Archives

Custom folders supported.

Nested folder structure supported.

Media Vault

Unified storage system for:

Posters

Photos

Videos

Documents

Archives

Files can be previewed without downloading.

Advanced Search

Search by:

File Name

Description

Tags

Wing

Date

File Type

Instant search results.

Archive System

Preserves historical records.

Example:

2024

2025

2026

Files remain accessible indefinitely.

User Experience Design

Design Philosophy

Inspired by modern premium software products.

Characteristics:

- Minimalistic
 - Elegant
 - Smooth
 - Fast
 - Immersive
-

Motion Design

Every interaction should feel alive.

Examples:

Page transitions

Card reveals

Folder expansion

Modal transitions

Upload animations

Loading sequences

Micro-interactions

Animations must never feel distracting.

Navigation Experience

No hard page changes.

Transitions include:

Fade

Scale

Blur

Slide

All navigation should feel continuous.

Scroll Experience

Smooth scrolling throughout platform.

Sections reveal progressively.

Depth created using layered motion.

Media Experience

Opening a poster:

Future Roadmap

Phase 2

- Recycle Bin
- Shared Links
- QR Sharing
- Mobile PWA
- Offline Access

Phase 3

- AI Search
- Voice Search
- Smart Categorization
- Automated Tagging

Phase 4

- Native Android App
 - Native iOS App
 - Real-Time Collaboration
-

Success Metrics

100% Wing Adoption

Centralized Media Management

Reduction in Lost Files

Improved Accessibility

Growing Historical Archive

High User Satisfaction

Final Vision

Union Vault should not feel like a storage website.

It should feel like a living digital headquarters where every poster, image, video, document, and achievement is preserved beautifully, organized intelligently, and experienced through fluid, premium interactions.
